June 2026

A Message From Our Foundation

Dear Friend,

You don't have to be a billionaire to save the environment. You don't need to write a million-peso check to make a difference that lasts for generations. All you need is the willingness to act — and the belief that your contribution, no matter the size, matters.

One Planet One Earth Foundation, Inc. is a Filipino non-profit foundation with Consultative Status under the United Nations Economic and Social Council (UN ECOSOC). We exist for one purpose: to protect the environment and the communities that depend on it. Today, we come to you — business owners, entrepreneurs, local companies, professionals — with a sincere and urgent appeal.

We are building Green Life Environmental Solutions: a real, technology-certified waste management facility in CALABARZON that will finally give our region a legitimate, modern alternative to overflowing sanitary landfills. We are asking you to be part of this founding chapter — and in return, we want to honor your generosity in a way that you and your family will be proud of for the rest of your lives.

Every donor — no matter the amount — will receive formal recognition. And for those who give beyond a threshold, we will present you with something rare: a real gold award, crafted and engraved with your name, as a permanent symbol of your role in building a cleaner Philippines.

With deep gratitude,

Ryan Paul G. Pillas

Chairman of the Board, One Planet One Earth Foundation, Inc.

UN ECOSOC Consultative Status

The Problem We Are Solving

The Philippines generates over 40,000 metric tons of solid waste every single day. In CALABARZON — home to 31 industrial estates, 233 hospitals, and hundreds of thousands of households and businesses — that waste has almost nowhere to go.

The Real Situation Right Now

- Sanitary landfills in the region are rapidly filling up — several have already been challenged or disapproved
- Medical and hazardous waste from hospitals and factories often has nowhere compliant to go
- Informal waste disposal is common — dangerous for communities, illegal for businesses
- Businesses face rising regulatory pressure but have few legitimate options
- Our children and grandchildren will inherit this problem if we do nothing

This is not a future problem. It is happening now, in the streets and industrial zones of Laguna, Cavite, Batangas, Rizal, and Quezon. The good news? We have the solution — and it is proven, certified, and ready to build.

Our Solution: Green Life Environmental Solutions

Green Life Environmental Solutions will establish a certified solid waste processing facility using the Solid Waste Gasification Machine (SWGM) — a patented technology verified by the Philippine Department of Science and Technology (DOST) and compliant with all DENR environmental standards.

What the machine does:

- Converts ALL types of solid waste — from hospital waste to industrial garbage — into inert, non-toxic ash
- Reduces waste volume by 98% and weight by 95%
- Produces zero leachate (no toxic liquids seeping into soil or water)
- Air emissions tested and verified to be within Philippine Clean Air Act limits
- Operates on only 50 square meters of space — the size of a small house
- Requires no external fuel — runs on its own syngas

This technology is REAL and WORKING:

The SWGM has already been tested and verified by DOST's Industrial Technology Development Institute (ITDI) under ETV Report No. 24-003 (July 2024). It has been independently tested over three days, processing real municipal solid waste from Cainta, Rizal — and all emissions passed every standard. The byproducts (ash and slag) were tested by an independent laboratory and declared non-hazardous. This is not a concept or a promise. It works.

What your donation will build:

- A permanent land site for the facility in CALABARZON
- The SWGM unit itself — the heart of the operation
- A properly permitted, DENR-compliant TSD (Treatment, Storage & Disposal) facility
- An office and operations center for a team of environmental professionals
- The full set of environmental permits, compliance certifications, and government approvals
- A business that runs independently — self-sustaining after setup, creating permanent environmental impact

Why We Are Asking You — Small and Medium Businesses

Big corporations have big foundations. But the backbone of the Philippine economy — and of our communities — is small and medium enterprise. You are the ones who know your neighborhoods. You feel the impact of pollution, flooding, and illegal dumping every day. You are the ones who hire locally, buy locally, and live locally.

We are not asking you to fund this project alone. We are inviting you to be part of a community of founders — businesses and individuals who came together at the beginning, before this facility was built, to make it possible.

Think of it this way: the Philippines has many heroes who built great things — Rizal, Bonifacio, Mabini — not because they were the wealthiest, but because they showed up. We are asking you to show up for your environment.

"The true meaning of life is to plant trees under whose shade you do not expect to sit."

— Nelson Mandela

How We Will Honor Your Generosity

We believe that those who invest in the environment — in any amount — deserve to be recognized not just with a thank-you letter, but with something lasting, beautiful, and meaningful. Here is how we will honor every donor who joins our campaign:

FOUNDING GUARDIAN TIER | PHP 500,000 and above

★ The Green Earth Gold Medallion ★

A custom-crafted triangular gold medallion — the official award of the One Planet One Earth Foundation. Forged in real gold, embossed with the foundation's seal of two hands cradling the Earth, and presented in a premium navy velvet gift box engraved with the foundation name and the words: "For Outstanding Service to the Environment and Community." Your name and company will be engraved on the reverse. This is not a token — it is a permanent symbol of your leadership for the planet.

- ✓ Real gold triangular medallion in premium navy velvet presentation box
- ✓ Custom engraving of donor name, company, and year on the reverse
- ✓ Solid narra hardwood display base with brass nameplate
- ✓ Your name permanently inscribed on the Founding Donors Wall at the facility
- ✓ Lifetime 'Founding Guardian' title in all foundation communications
- ✓ Framed Deed of Environmental Patronage signed by the Chairman of the Board
- ✓ Invitation to facility inauguration and annual Donor's Day
- ✓ Your company logo displayed on facility signage and all campaign materials
- ✓ Official tax deduction certificate (BIR-compliant)
- ✓ Your company formally named as a UN SDG Supporter in our Annual Report submitted to the United Nations (UN ECOSOC) — recognized before an international audience
- ✓ Exclusive invitation to the One Planet One Earth Foundation Annual Awarding Ceremony held at Okada Manila — honored on stage as a Founding Guardian of the Green Life initiative
- ✓ Dedicated feature post on all official foundation social media platforms (Facebook, LinkedIn, Instagram) celebrating your company as a Founding Guardian
- ✓ Annual facility impact update delivered directly to you

The Green Earth Gold Medallion
Official Award of One Planet One Earth Foundation, Inc.

*Presented exclusively to Founding Guardian donors of the Green Life Environmental Solutions initiative.
"For Outstanding Service to the Environment and Community"*

EARTH CHAMPION TIER | PHP 100,000 – PHP 499,999

★ The Crystal Earth Globe Trophy ★

A stunning hand-crafted crystal globe trophy — a clear optical crystal sphere etched with the continents of the world, mounted on a solid crystal pedestal base with a pure gold nameplate. Elegant, weighty, and unmistakably distinguished. Designed to sit on your desk or boardroom table as a permanent reminder that your company stood up for the planet — and was recognized for it.

- ✓ Hand-crafted optical crystal globe on solid crystal pedestal base
- ✓ Pure gold nameplate engraved with your name, company, and year of donation
- ✓ Your name on the Donors Wall at the facility
- ✓ Framed Certificate of Environmental Patronage
- ✓ Invitation to facility inauguration ceremony
- ✓ Company recognized in all campaign materials and foundation website
- ✓ Official tax deduction certificate
- ✓ Your company listed as a UN SDG Supporter in our Annual Report to the United Nations (UN ECOSOC)
- ✓ Invitation to the One Planet One Earth Foundation Annual Awarding Ceremony at Okada Manila — recognized on stage as an Earth Champion donor
- ✓ Official social media recognition on all foundation platforms (Facebook, LinkedIn, Instagram) featuring your company as an Earth Champion
- ✓ Quarterly campaign progress updates

The Crystal Earth Globe Trophy

Official Award for Earth Champion Donors of the Green Life Environmental Solutions Initiative

*Presented to companies and individuals who championed a cleaner Philippines.
"Honoring Dedication, Leadership and Impact for a Better Planet"*

GREEN BUILDER TIER | PHP 25,000 – PHP 99,999

★ The Gold-Plated Plaque of Appreciation ★

A premium gold-plated plaque mounted in a rich mahogany hardwood frame — engraved with your name, company, the foundation seal, and the words: "Certificate of Appreciation — For Outstanding Service. In recognition of your dedication, leadership and commitment to the environment and the community." Signed by the Board of Directors and dated. A distinguished wall piece worthy of any office, lobby, or boardroom.

- ✓ Gold-plated plaque in premium mahogany hardwood frame, custom engraved
- ✓ Foundation seal and Board of Directors signature engraved on the plaque
- ✓ Your name inscribed on the Community Donors Board at the facility
- ✓ Invitation to the facility inauguration
- ✓ Your company listed as a UN SDG Supporter in our Annual Report to the United Nations (UN ECOSOC)
- ✓ Official social media recognition on all foundation platforms (Facebook, LinkedIn, Instagram)
- ✓ Recognition in the annual foundation impact report
- ✓ Official tax deduction certificate

The Gold-Plated Plaque of Appreciation

Official Award for Green Builder Donors of the Green Life Environmental Solutions Initiative

*Presented to Green Builder donors in recognition of their commitment to the environment and community.
"Honoring Dedication, Leadership and Impact for a Better Planet"*

COMMUNITY HERO TIER | PHP 5,000 – PHP 24,999

★ The Community Hero Recognition Seal ★

*A premium full-color certificate and a personalized eco-seal — suitable for framing and display.
Your name will also be listed on the campaign's Community Heroes Board.*

- ✓ Personalized premium certificate — printed, framed on eco-material
- ✓ Your name on the Community Heroes Board (digital and physical display)
- ✓ Official social media recognition on foundation platforms
- ✓ Official tax deduction certificate
- ✓ Campaign progress newsletters

FRIEND OF THE EARTH TIER | Any amount — PHP 1 and above

★ The Friend of the Earth Certificate ★

Every donation, no matter how small, changes something. You will receive a personalized digital certificate of recognition — emailed and available for printing — honoring your contribution to a cleaner Philippines.

- ✓ Personalized digital Certificate of Recognition
- ✓ Your name listed on the online Donor Roll of Honor
- ✓ Official social media recognition on foundation platforms
- ✓ Personal thank-you message from the Chairman of the Board
- ✓ Campaign progress updates via email
- ✓ You are part of the founding community — always

Your Name Before the United Nations

One Planet One Earth Foundation, Inc. holds Consultative Status with the United Nations Economic and Social Council (UN ECOSOC) — one of the highest recognitions a civil society organization can receive from the UN. This status means we report directly to the United Nations and participate in its global policy processes.

As part of our obligations and privileges under this status, we submit an Annual Report to the UN that documents our programs, partnerships, and contributions toward the UN Sustainable Development Goals (SDGs). This report reaches UN delegates, international institutions, foreign governments, and global civil society organizations.

What This Means for You as a Donor

When you donate to the Green Life Environmental Solutions campaign, your company or name will be formally acknowledged in our Annual Report submitted to the United Nations as a supporter of the following SDGs:

- ✓ SDG 3 — Good Health and Well-Being: Supporting certified medical and hazardous waste treatment that protects communities
- ✓ SDG 8 — Decent Work and Economic Growth: Creating local employment and supporting Filipino livelihoods
- ✓ SDG 11 — Sustainable Cities and Communities: Reducing landfill dependency in one of the Philippines' most industrialized regions
- ✓ SDG 12 — Responsible Consumption and Production: Enabling waste diversion, resource recovery, and circular economy practices
- ✓ SDG 13 — Climate Action: Reducing greenhouse gas emissions from landfill decomposition
- ✓ SDG 17 — Partnerships for the Goals: Demonstrating private-sector, civil society, and community collaboration for sustainable development

In practical terms: your business name will be seen by international audiences — UN member states, global NGOs, development banks, and multinational institutions — as a company that took action on the SDGs in the Philippines. In a world where ESG (Environmental, Social, and Governance) credentials matter more than ever, this is a distinction that money alone cannot always buy.

A Note on Which Tiers Receive UN SDG Recognition

Founding Guardian (PHP 500,000+)

Named prominently in the UN Annual Report as a Principal SDG Supporter, with company description and contribution highlighted. Also honored on stage at our Annual Awarding Ceremony at Okada Manila.

Earth Champion (PHP 100,000 – PHP 499,999)

Listed by name in the UN Annual Report as an SDG Supporter under the Green Life initiative. Also invited and recognized on stage at our Annual Awarding Ceremony at Okada Manila.

Green Builder (PHP 25,000 – PHP 99,999)

Listed by name in the UN Annual Report as a Community SDG Contributor.

Community Hero & Friend of the Earth

Collectively acknowledged in the UN Annual Report as part of the Green Life community donor movement.

An Evening to Remember: The Annual Awarding Ceremony at Okada Manila

For our Founding Guardian and Earth Champion donors, we go beyond a plaque on a wall. Every year, One Planet One Earth Foundation will host its Annual Awarding Ceremony — an exclusive gala event held at Okada Manila, one of the Philippines' most prestigious integrated resorts.

THE GREEN LIFE ENVIRONMENTAL AWARDS

Annual Awarding Ceremony
Okada Manila, Parañaque City

Hosted by One Planet One Earth Foundation, Inc.
UN ECOSOC Consultative Status

This is not an ordinary recognition event. The Green Life Environmental Awards is an annual gala that brings together business leaders, government officials, environmental advocates, and community partners — all united by a commitment to a cleaner Philippines.

What to Expect at the Event

 On-Stage Award Presentation You or your company representative will be called on stage to receive your award personally — in front of guests, officials, and media.	 Gold Award Presentation Your real gold medallion or gold-plated award will be presented ceremonially on stage — a moment captured for your company's records.
 Media Coverage & Documentation Professional photography of your award moment — shareable for your company's CSR communications and social media.	 Networking with Leaders Share the room with fellow environmental champions, government representatives, and foundation partners from across the Philippines.
 Annual Project Highlights A live presentation of the year's environmental achievements — and your company's recognized role in making them happen.	 Gala Dinner at Okada Manila An elegant dining experience at one of the Philippines' most iconic venues — a fitting setting for those who invested in our nation's future.

Who Is Invited to the Okada Annual Awarding Ceremony?

★ Founding Guardian (PHP 500,000+)

Complimentary seats for you and a companion. Featured award recipient called on stage. Company name in the event program as Principal Awardee.

★ Earth Champion (PHP 100,000 – PHP 499,999)

Complimentary seat for you or your company representative. Recognized on stage as an Earth Champion awardee. Company name in the event program.

The ceremony is held annually — meaning every year, your generosity continues to be celebrated at Okada Manila.

What Your Donation Builds

Every peso donated to this campaign goes toward one goal: getting our facility built, permitted, equipped, and operational. Here is a simple picture of what collective donations will fund:

What We Are Building	Why It Matters
Land for the facility	Environmental permits are tied to a permanent site — not a rented space
The Gasification Machine	The engine that converts waste to ash — certified, patented, already proven
Facility construction	A proper, safe, and DENR-compliant operations center
Government permits & licenses	Without permits, nothing moves — these are critical and time-consuming
Operating team	Experienced environmental professionals who will run the facility properly and safely

Our Commitment to You: Full Transparency

We know that trust is everything. Many donors have been burned before — by organizations that collected funds and delivered nothing. We want you to know exactly what we commit to you as a donor:

1. Every donation is deposited in a dedicated, separate bank account used only for this project. Not for salaries. Not for overhead. For the facility.
2. We will publish a quarterly financial update — available to all donors — showing exactly how much has been raised and how it has been spent.
3. An independent certified public accountant will audit the fund annually.
4. All donations come with an official BIR-compliant receipt — usable for your tax deduction.
5. When the facility opens, every donor will be invited to the inauguration — to see, with their own eyes, what their generosity built.
6. Once operational, we will send each donor an annual environmental impact report — showing how many tons of waste were processed, how many landfill trips were avoided, and what communities benefited.

We are backed by the accountability standards required of UN ECOSOC-accredited organizations. We do not take that responsibility lightly.

How to Donate

Donating is simple. Choose the amount that feels right for you — and know that whatever you give will go directly toward building something permanent and meaningful.

For Bank Donation

Bank: RCBC (Rizal Commercial Banking Corporation)

Bank Address: #39 JP Rizal St. Poblacion, Santa Maria, Bulacan, Philippines 3022

Account Name: ONE PLANET ONE EARTH FOUNDATION INC.

Account Number: 0000900307000016

Swift Code: RCBCPHMM

After your deposit, please send a photo of your deposit slip to:

Email: gil@oneplanetoneearthfoundation.org

Mobile: +63 998 581 9005 (WhatsApp)

We will personally confirm receipt and send your official receipt within 3 business days.

What to send us after you donate:

- Your full name or company name
- Contact number and email address
- Amount donated
- A photo or scan of your deposit slip or transaction receipt
- Your preferred name for the award engraving (if applicable)

We will handle everything from there — your receipt, your award order, and your recognition. You will never be left wondering what happened to your donation.

The Impact You Will Create

Here is what this facility will do — once funded and operational — for the region, the environment, and the people:

7,800+ MT of solid waste diverted from landfills every year	98% volume reduction — waste becomes almost nothing
o Leachate No toxic liquid seeping into groundwater	Jobs Created For environmental professionals and community partners
<i>And most importantly —</i> A Philippines that our children can be proud of.	

Join Our Founding Community

The people who fund the first chapter of something important are never forgotten. The names of those who believed in Green Life Environmental Solutions before the first wall was built — before the first ton of waste was processed — will be honored permanently, in metal and gold and wood, in our facility and in our records.

You may be a small business. But your impact will be anything but small.

Every peso you give will go toward a machine that never stops working. Toward a facility that will outlast all of us. Toward a CALABARZON — and a Philippines — where the next generation does not inherit our mess.

Be a Founding Donor.
Your name. Real gold. Permanent legacy.
